Best bikini wax

The Screamin' Peach

638 S. College Ave.
224-2930

What makes a waxing studio the best? Think about it ... the whole purpose of the business is to pour hot wax on sensitive body parts and then rip hair from said body parts out by the roots. Does "the best" mean the most pain-free? The most efficient, so as to avoid doing it again anytime soon? The most hairs per square inch sent to Body Hair Heaven? Truth is, by any measure, the aptly-named Screamin' Peach comes out on top, whether you're looking for just a trim around the edges, a landing strip or a full Brazilian. And it's not just for women, either ... the metrosexual craze is coming back, boys, and no matter how warm it keeps you in the winter, it's time to get rid of the carpet back. Head to the Peach and find out what your wives and girlfriends have been enduring for years to look good in a bikini.
